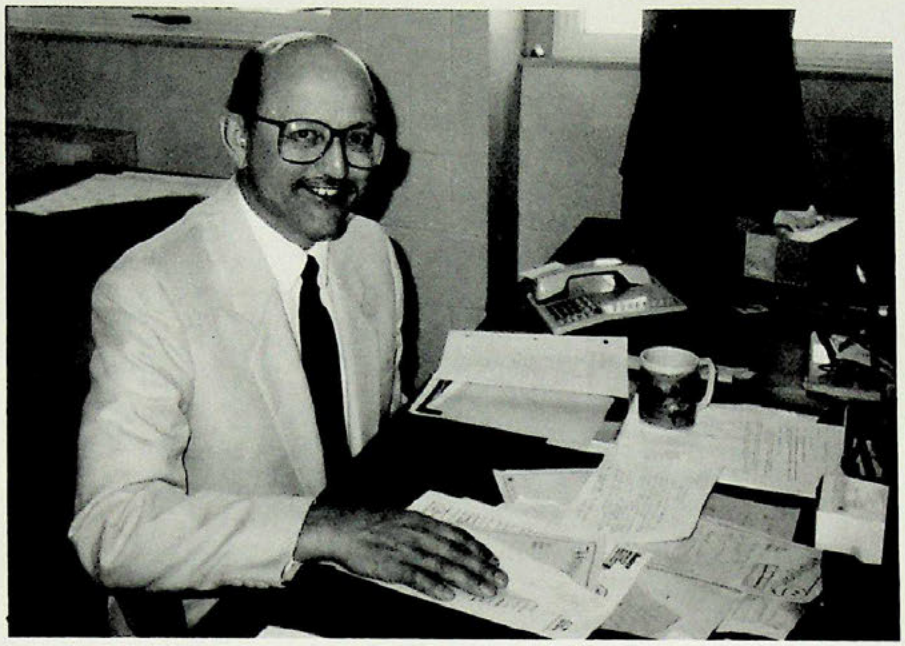
# Principal's Message



Another year is ending. As each of you look at this yearbook, you remember the good days of this year. As you grow older, you will look at this book and remember all the good things that happened at Hardisty while you were there.

Each of you will have different memories because each of you is unique. We were all in Hardisty in 1990-91 but none of us did exactly the same things and each of us saw things differently.

What I will remember about 1990-91 is that this was the year that my first class of grade sevens reached grade nine. I have been responsible for the school all the time you have been here. You are special to me because of that.

I also remember the friendship that many of my students have given me. I treasure those friendships and I hope that you have found many friendships to treasure as well.

I wish the best to all the grade nines in high school next year. To all the grade sevens and eights who will be returning to Hardisty next year, have a great summer and see you in September.

# Assistant Principal's Message

It has been a pleasure this year getting to know most of the students in my first year at Hardisty. I have enjoyed all of the activities at school and away - especially the Ontario trip, Trendsetters rewards, Leadership camp and more.

The Yearbook staff and Mr. Musa are to be commended for their outstanding efforts in producing this yearbook. I hope that all of you continue to enjoy those memories of Hardisty and I wish all of you continued success and happiness.
